## Tips for Year-Round Fishing at Lake Anna

Over the years, Lake Anna has evolved into a premier destination for dedicated anglers, as well as casual family outings, offering diverse fishing opportunities throughout the year.

### What to Fish For

Anglers at Lake Anna often pursue three primary species: crappie, largemouth bass, and striped bass. The lake's ecosystem supports healthy populations of these fish, providing ample opportunities for both novice and experienced fishermen to enjoy a fruitful day on the water.

### The Lake Anna Grand Slam

In 2014 a fourth species of fish was added to Lake Anna – the wiper. A wiper is slang terms we use for a hybrid fish that is a cross between a striper with a white bass, and they have been thriving in the lake ever since they were added. Wipers can grow to more than 10 pounds and while a 15-pounder has not been caught yet, the expectation is that one will be soon. With the addition of the wiper, along with the crappie, largemouth bass and striped bass, you can go for the LAKE ANNA GRAND SLAM by catching all four species in one outing.

### The Super Slam

Lake Anna has recently added a FIFTH species – the Saugeye. With the addition of this new fish, the Lake Anna Super Slam was created. To date, no one has successfully caught all five species in a single outing. So, you could be the first!

### Tis The Season - Even in Winter

While many lakes see a decline in fishing activity during the colder months, Lake Anna remains active. The warm water discharge from the plant maintains stable temperatures, creating ideal conditions for the striped bass and the wipers. These fish often congregate in deeper waters during winter, making them accessible targets for dedicated anglers.

### The Best Ways to Fish Lake Anna

Successful fishing at Lake Anna requires adapting to seasonal behaviors of the target species. In summer, you'll want to focus on early and late hours, then deep water fish in the afternoon as the sun heats the lake. You'll also have better luck using live bait. In winter, techniques such as trolling, casting, and jigging are effective for catching the striped bass and the wipers. Utilizing fish finders to locate schools of baitfish can significantly increase success rates. Topwater lures can also provide thrilling strikes, especially during cooler periods.

### Guided Fishing Services

For those unfamiliar with the lake or looking to enhance their fishing experience, local guide services offer valuable expertise. These professionals provide insights into seasonal patterns, effective techniques, and the best locations to target specific species, ensuring a rewarding outing on Lake Anna's waters.

### There's No Lake Like Anna

Lake Anna's unique environment, bolstered by its consistent water temperatures and diverse fish populations, makes it a year-round fishing haven. Whether you're aiming for the Lake Anna Grand Slam, the Super Slam or simply taking the family out for a relaxing afternoon, the lake offers abundant opportunities for memorable fishing experiences, summer, winter, day and night. There's no time that's not a great time to fish Lake Anna!

# FEATURED SHOPPING

---

From Main Street shops ... to artisan crafts and antiques ... to farm-fresh goodies and water sport supplies ... enjoy the small town shopping experience in Louisa, Virginia! Staffed with friendly faces, Louisa stores offer unique treasures and fun gifts.

.....

## *Save Money with Unique Finds*

Whether you're driven by unique finds or being budget-conscious, antique and thrift stores offer several advantages the big box stores simply cannot. If you are new to exploring vintage and secondhand treasures, consider the benefits of shopping for retro conversation starters, previously loved items, or discounted "new-with-tag" pieces.

**Discover Style Wins.** You'll know when you see it ... the statement piece you just simply have to have. The best part? It's special and unique to you.

**Save Money.** Sometimes you just need something functional, and antique and thrift stores can help with that, too. You can often find high-quality items for a fraction of their original price, including clothing, toys, bags and furniture.

**Promote Sustainability and Get Creative with Upcycling.** Items at these stores have not reached the end of their useful life, and through new owners, can stay out of landfills. The low cost price tag on pieces may also inspire projects, like reupholstering and converting a dress into a skirt.

**Step Back in Time.** Many of these pieces tell a story, and sometimes, the story speaks directly to you. You may find a Christmas decoration that brings back a childhood memory, or you may simply find appreciation for the style of a past decade.

We invite you to spend an afternoon shopping the antique and thrift stores of Louisa County featured on the following page, and we wish you luck in finding the perfect pieces to take home!

Drive the roads where the hoof beats of history reverberate... where Jack Jouett rode to save the lives of Thomas Jefferson and other founding fathers; and where General George Custer made his first "last stand" at the Battle of Trevilian Station, one of the largest all-cavalry engagements of the Civil War. The Louisa County Historical Museum offers tours and genealogy resources. ## STAND IN THEIR FOOTSTEPS

Photographs taken during the Civil War are among the first widely published battlefield images. Photos brought the realities of war into homes of both the North and the South. Imagine standing at Deep Bottom Landing outside of Richmond watching the bridge being created just as a wartime photographer did.

Working in wagons, Civil War photographers poured a light-sensitive liquid called collodion over a glass or tin plate that was then carefully rushed in a light-proof container to the camera. The cap on the camera lens was uncovered for just a few seconds, exposing the sensitized plate to the image, and the plate was hustled back to the darkroom to be developed. These early pioneers of photography helped advance this art so that today you can effortlessly snap photos in seconds.
