## *If the spirit moves you, check out Dunnlorra Inn.*

There's nothing quite like getting into the spirit of a beautiful bed and breakfast. And when it comes to the Dunnlorra Inn, we mean that literally ... because its owner is a medium who does ghost tours. Mineral, Virginia, you see, has quite the history as a mining town. And that rich history just may be responsible for the spirits that haunt Dunnlorra Inn. Whatever the case may be, owner Lacey Palmer loves regaling her guests with tales of Mineral's past. So if you're looking for an inn with a history like no other, come to Dunnlorra and stay for a spell.

## *Your prospects are looking bright at Prospect Hill.*

When you think bed and breakfast, certain things come to mind. Epic and spacious, however, are probably not among them ... unless you've stayed at Prospect Hill. Prospect Hill takes the intimacy, charm and beauty of the typical bed and breakfast and dials it up. More resort than inn, Prospect Hill boasts 12 rooms and cottages, private luxury bathrooms, fine dining, a massive 40-acre estate and a pool. And it's located in the heart of Virginia wine country. Come experience the luxe version of a Virginia bed and breakfast at the oldest, continually operated frame house in the state. From weddings and events to romantic getaways, there's nothing quite like the thrill of Prospect Hill.

Drive the roads where the hoof beats of history reverberate... where Jack Jouett rode to save the lives of Thomas Jefferson and other founding fathers; and where General George Custer made his first "last stand" at the Battle of Trevilian Station, one of the largest all-cavalry engagements of the Civil War. The Louisa County Historical Museum offers tours and genealogy resources. The walking tour of the Town of Louisa and the Civil War driving tour are great ways to explore the region's history together as a family. Please use the Visit Louisa app's Experiences tab for more.

**STAND IN THEIR FOOTSTEPS**

**P**hotographs taken during the Civil War are among the first widely published battlefield images. Photos brought the realities of war into homes of both the North and the South. Imagine standing at Deep Bottom Landing outside of Richmond watching the bridge being created just as a wartime photographer did.

Working in wagons, Civil War photographers poured a light-sensitive liquid called collodion over a glass or tin plate that was then carefully rushed in a light-proof container to the camera. The cap on the camera lens was uncovered for just a few seconds, exposing the sensitized plate to the image, and the plate was hustled back to the darkroom to be developed. These early pioneers of photography helped advance this art so that today you can effortlessly snap photos in seconds.
